Smoke Ring

The wood smoke causes a smoke ring on the meat, especially the chicken. Even though our chicken is moist and has a rosy pink hue, we always make sure it is cooked all the way through before we serve it.

We May Run Out

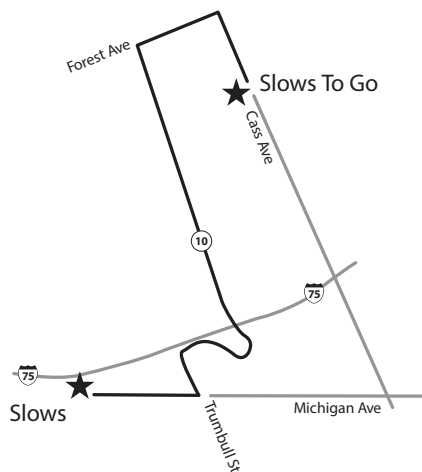

One of the several keys to great barbecue is freshness. Our barbecue is produced in limited quantity so that it is always fresh. This reality means that we might run out of an item from time to time. Don't fret, it'll be back. In fact, it's probably in the smoker.

You asked for it...and now you got it!!!
Slows Bar BQ is now catering. Fill out the form on our website or call for a quote.
